OBJECTS AND PLANS OF THE SOCIETY.

THIS Society commends itself to the support and co-operation of the community on the following catholic grounds :—

Its special objects.—The prevention of cruel and improper treatment of animals, and the amelioration of their condition generally throughout India. The means to this end are :—

1. The agency of paid officers, whose duty it is in the city to watch warn, and threaten or prosecute, as needful, all persons found guilty of inhumanity to animals.* .

2. The distribution of printed papers in the Marathi, Gujarati and English languages, warning the heartless, instructing the ignorant, and providing all with information and useful hints respecting the treatment of their dumb labourers.

3. The circulation of papers in English amongst the European and educated native community, furnishing information as to the Law throughout India, and the means at their disposal for punishing the wantonly cruel, and holding a check upon brutal inhumanity.

4. Inviting information and suggestions from all who are interested in the cause of civilization throughout India respecting any barbarous practices, whether arising from cruelty or ignorance, over which this Society may be thought able to exercise any influence, towards the improvement of the treatment and conditions of labouring and domestic animals.

5. The introduction into schools and elsewhere of books or tracts in English and the Vernacular calculated to impress on youths the duty of humanity towards the inferior animals.

6. Seeking the aid of the Pulpit, the Press and all Public Instructors in advocating the principles and objects of this Society, having in view the promotion of humanity towards the animal creation.

Towards these ends the moral support and co-operation of the community are not less sought than its pecuniary aid to meet the varied expenses incidental to the Society's operations, the extent and utility of which, in a field so wide, can only be limited by the extent of means at command.

Communications and contributions will be thankfully received by the Secretary on behalf of the Committee.

---

*The number of prosecutions by the Society from its commencement in 1874 to the present time, has extended to upwards of 2,16,758 cases.

(S. T.) when Jehangir Bomanjee Petit, Esq, occupied the chair. The proceedings of the Meeting are given in Appendix **A.**

SOCIETY.

The Executive Committee of the Society and Hospital beg to submit their Report of the work done during the year 1923.

Cases dealt with.

During the year under Report, 10,053 prosecutions were instituted and convictions obtained as against 10,131 in the year 1922 showing a decrease of 78 cases. In 23 cases the accused were acquitted. Cases warned and discharged by the Honorary Magistrates numbered 546. Statistics on that head are given in Appendix **B.**

Important Prosecutions.

Horses.—During the year there were 2,895 cases dealt with as against 2,049 in the year 1922 showing an excess of 846 cases. Out of these 2,333 cases were prosecuted for lameness. There was 1 case prosecuted for starving a horse.

Bullocks.—There were 7,118 cases dealt with during the year as against 8,015 in 1922 showing a decrease of 897 cases.

Buffaloes and other Animals.—During the year under Report there were 23 prosecutions in respect of 24 animals of different kinds, including Goats and Dogs.

Fowls.—During the period under Report there were 17 prosecutions in respect of 692 fowls.

These Agents are all retired military pensioners and are appointed Extra Police Constables under Sections 3, 4, 5 & 6 of Act XI of 1890, by the Commissioner of Police, Bombay.

Work done at the Society's Dispensaries at four different Courts of the H. P. Magistrates.

In the four dispensaries maintained by the Society in the Courts of the Honorary Presidency Magistrates at Fort, Girgaum, Mazagon and Dadar 10,277 animals were treated free of charge by our Veterinary Inspectors. Of these 6,728 cases were brought by the Agents of the Society and 3,549 cases by the Police. Details of work done at these four dispensaries will be found in Appendix **C.**

Death of Sir Narayen Ganesh Chandavarkar, Kt.

The Committee place on record their deep sense of sorrow of the untimely death of Sir Narayen Ganesh Chandavarkar, Kt., who was a member of the Executive Committee of the Society and Hospital from 1909—a period of 14 years. The Committee passed unanimously the following resolution :—

"That the Executive Committee of "the Bombay Society for the Prevention of "Cruelty to Animals and the Bai Sakarbai "Dinshaw Petit Hospital for Animals ex- "press and record their deep sense of "sorrow at the sudden death of the late "lamented Sir Narayen Ganesh Chanda- "varkar, Kt., that took place at Bangalore "on the 14th May 1923. He was a member "of the Executive Committee from 17th "November 1909—a period of 14 years. "He took a very keen interest in the fur- "therance of the objects of the Society ; and "his legal acumen, wide sympathy and "knowledge of the world were highly ap- "preciated by all those who came in "contact with him in connection with the "Society's working.

"By his untimely death the Society "and the Hospital have sustained an "irreparable loss.

"The Committee offer their heartfelt "sympathy in their sad bereavement to "Messrs. Vithal and Prabhakar the two "sons of Sir Narayen Ganesh Chanda- "varkar, Kt., and their family and resolve "that a copy of the resolution be forwarded "to them."

During the last 28years the Government of India on the recommendation of the Government of Bombay used to grant to our Society the full amount of fines levied in cruelty cases under Section 6 of Act XI of 1890 through the intervention of our Agents. This has been altered and now the Bombay Government has converted this into a grant-in-aid and has suddenly reduced the amount to Rs. 24,960.

PROCEEDINGS of the General Meeting of the Bombay Society for the Prevention of Cruelty to Animals and the Bai Sakarbai Dinshaw Petit Hospital for Animals held at the Office of Sir Dinshaw Petit, Bart., Contractor Building, 41, Nicol Road, on Wednesday, the 30th July 1924 at 5-45 p. m. (S. T.) when the following business was transacted :—

PRESENT:

Jehangir Bomanjee Petit, Esquire, (*In the Chair.*)
Sir Mahomedbhoy Currimbhoy, Kt.
Ghellabhai Hansraj, Esquire
Madhavjee Damodher Thackersey, Esquire
Hiralal D. Nanavati, Esquire
Kaikobad Cowasjee Adenwalla, Esquire
Nowrojee Pestonjee Kapadia, Esquire
Pestonjee Dorabjee Panday, Esquire
K. N. Chandabhoy, Esquire,
Kavasjee B. Katrak, Esquire
Dr. K. A. Lalkaka, and
D. M. Colah, Esquire, (*Secretary and Treasurer*).

Mr. D. M. Colah, the Secretary and Treasurer of the Institutions, read the Notice convening the Meeting.

PROPOSITION I.

Proposed by Jehangir Bomanjee Petit, Esq.,
Seconded by Madhavjee Damodher Thackersey, Esq.,
and carried unanimously.

That the Reports together with the Audited Statements of Accounts of the Society and the Hospital for the year 1922 be approved and adopted.

Jehangir Bomanjee Petit, Esquire, (In the Chair) in moving the adoption of the Reports said :—

"Gentlemen, I have great pleasure in moving the adoption of the Report which has already been put in your hands. The efficiency of the previous years had been maintained during the period under review. Alluding to the proposal brought forward at the last General Meeting regarding the separation of the dual control existing in the conduct of the hospital managed by the Society, I beg to inform the audience that the Executive Committee was fortunate in arriving at satisfactory conclusions with the Government on the subject. There was, therefore, reason for holding that the friction hitherto existing has almost ceased to exist. A conference was held between the Executive Committee of the Society and the Hon'ble Mr. Hidayatallah, the Minister in charge of the Department, and after a prolonged discussion a satisfactory solution was arrived at in regard to the outstanding differences, and the Hon'ble the Minister listened to our complaints and promised to remove the causes of the present friction. I hope that greater collaboration and harmony between the authorities and the Executive Committee of the Society could come to prevail. Since that interview, the friction between the representative of the Government and the Executive Committee of the Society had disappeared and the utmost possible goodwill and harmony marked our present relation."

PROPOSITION II.

Proposed by Hiralal D. Nanavati, Esq.,
Seconded by Pestonjee Dorabjee Panday, Esq., and carried unanimously.

That the following paragraph be added to Rule 4 of the Society's Rules :—

"That a representative of the Grain Merchants' Association "shall be admitted as an ordinary member without payment 'of the usual annual fee of Rs. 10."

Mr. Nanavati in a brief speech emphasised the necessity of the alteration in the standing rules with a view to admit the representative of the Grain Merchants' Association, which contributed so liberally to our funds, without payment of the usual fee.

PROPOSITION III.

Proposed by Kaikobad C. Adenwalla, Esq.
Seconded by Madhavjee Damodher Thackersey, Esq., and carried unanimously.

That the best thanks of this Society be tendered to the Cotton and Grain Merchants and to Mill Owners and Agents for their very liberal contributions towards the support of the Hospital for Animals.

A vote of thanks to the Chairman terminated the Meeting.

Resolution No. 1456.

Bombay Castle, 26th June 1923.

Read paragraph 2 of Government Resolution No. 1456, dated the 29th November 1922.

RESOLUTION :—Sanction is accorded to the grant of a sum of Rs. 20,220 to the Society for the Prevention of Cruelty to Animals, Bombay, to be paid by three equal quarterly instalments up to 31st December 1923. The grant is subject to the condition that the fines levied and actually recovered under Section 21 of Act XLVIII of 1860 and under Act XI of 1890 in cases in which convictions are obtained through the intervention of the Agents of the Society, less by 5 per cent. do not fall short of this amount, in which case, the grant will be equal to the amount actually recovered less by 5 per cent. Any deduction necessary on the ground of deficit in the fines recovered should be adjusted in the last quarter. This grant has been made subject to the terms mentioned in Government Resolution No. 3684, dated the 16th April 1920 and No. 6334, dated the 29th June 1921.

2. The grant of an additional sum of Rs. 4,740 to the Society will be considered on the expiry of the period for which the present grant has been sanctioned.

Sanction to the grant to the Bombay Society for the

Sir,

I am directed by the President and Members of the Executive Committee of the Bombay Society for the Prevention of Cruelty to Animals, to acknowledge your letter No. 1456-C, Home Department, dated the 26th of June 1923, and to request the favour of further information as regards the basis on which Government has been pleased to grant a modicum sum of Rs. 2,236 per month instead of the former arrangement of full fines levied in "Cruelty Cases." I beg to point out that Government has been pleased to grant to the Society full fines since the year 1895, *i. e.*, a period of 28 years. Now, however, without any reason, the grant has been cut down by 50 per cent. I am to add that on the strength of these fines, the Society has engaged from this year, 24 more Agents *i.e.*, 46 in all, to prosecute offenders in cruelty cases; and also that our monthly expenditure amounts to Rs. 3,500.

My Committee is unable to understand the full import of the Government Resolution No. 1456 of 26th June 1923; and would also like to know what is the additional sum of Rs. 4,740 mentioned in the last paragraph of the Government Resolution that will be considered on the expiry of the period of the grant.

I may inform you that our expenses during the months of April, May and June 1923 came to Rs. 10,584-3-1, whereas Government has credited to our account a sum of Rs. 6,500 only, thus causing a clear loss to our Society of a sum of Rs. 4,000 and odd.

Under the circumstances, I am directed to request you to be so good as to give us full information on the subject, so that a proper representation may be made to the Government on the matter.

I have the honour to be,

Sir,

Your most obedient servant,

Sir,

With reference to your letter No. 73, dated the 7th August 1923 on the subject noted above, I am directed by the Governor-in-Council to inform you that under the financial rules of Government it is no longer possible to credit fines levied in " Cruelty Cases " to them direct, and that any assistance to the Society must be in the form of a grant-in-aid. I am also to state that the amount, which has been sanctioned in Government Resolution No. 1456, dated the 26th June 1923, is the total estimated produce of the fines minus certain expenses incurred by Government in the working of Act XI of 1890, and that, if it should appear that the sum has been under estimated, it will be reconsidered in framing the next year's budget. I am to add that the sum of Rs. 4,740 is the balance kept in hand to meet the grant for the 4th Quarter of the year 1923-24, after making any necessary adjustments.

No. 116.

To

A. MONTGOMERIE, ESQ., C. I. E., M. L. C.,

SECRETARY TO THE GOVERNMENT OF BOMBAY,

HOME DEPARTMENT.

Sir,

Subject :—PREVENTION OF CRUELTY TO ANIMALS
Grant to the Bombay Society for

I am directed by the President and Members of the Executive Committee of the Society to acknowledge your letter No. 1456-B. Home Department, dated the 28th August 1923 and to state that the Society is at a loss to understand the basis on which Government have been pleased to sanction the grant of a sum of Rs. 20,220 for 9 months to be paid by three equal quarterly instalments upto the 31st of December 1923. The Society begs to draw your attention to the statement of Income and Expenditure of the Society from April to 30th November 1923 which clearly shows that the Income of the Society under the Government Resolution is Rs. 17,332 whereas the Expenditure has amounted to Rs. 26,253 a clear loss of Rs. 9,000 to the Society within a period of 8 months. This loss has been met from the balance at our disposal. The statement of Income and Expenditure and the statement of fines actually recovered through the intervention of the Agents of the Society is herewith marked **A. & B.**

The Society is unable to bear these losses for any length of time and unless the Bombay Government, Home Department, can allow the Society to appropriate the same proportion of fines as was done upto 31st March 1923, the Society will be compelled to reduce its Staff of Veterinary Surgeons and Agents and other expenses, thereby diminishing the efficient working of the Society's activities in the City of Bombay.

The Society has been receiving the full amount of fines since 1895, a period of 28 years, from the Government of Bombay with the sanction of the Government of India, and the President and Members of the Executive Committee request His Excellency the Governor-in-Council to reconsider the question with a view to carry out efficiently the humane work of the Society.

The favour of an early reply is particularly requested as due notices for the termination of their services to some of the Staff will have to be given before the end of this month in order to effect a reduction in the Staff to meet this cut in the Income of the Society in case the prayer of the Society is not granted.

I have the honour to be,

Sir,

Your most obedient servant,

(Sd.) D. M. COLAH,

Secretary & Treasurer.

OBJECTS AND PLANS OF THE SOCIETY.

THIS Society commends itself to the support and co-operation of the community on the following catholic grounds :—

Its special objects.—The prevention of cruel and improper treatment of animals, and the amelioration of their condition generally throughout India. The means to this end are :—

1. The agency of paid officers, whose duty it is in the city to watch, warn, and threaten or prosecute, as needful, all persons found guilty of inhumanity to animals.*

2. The distribution of printed papers in the Marathi, Gujarati and English languages, warning the heartless, instructing the ignorant, and providing all with information and useful hints respecting the treatment of their dumb labourers.

3. The circulation of papers in English amongst the European and educated native community, furnishing information as to the Law throughout India, and the means at their disposal for punishing the wantonly cruel, and holding a check upon brutal inhumanity.

4. Inviting information and suggestions from all who are interested in the cause of civilization throughout India respecting any barbarous practices, whether arising from cruelty or ignorance, over which this Society may be thought able to exercise any influence, towards the improvement of the treatment and conditions of labouring and domestic animals.

5. The introduction into schools and elsewhere of books or tracts in English and the Vernacular calculated to impress on youths the duty of humanity towards the inferior animals.

6. Seeking the aid of the Pulpit, the Press and all Public Instructors in advocating the principles and objects of this Society, having in view the promotion of humanity towards the animal creation.

Towards these ends the moral support and co-operation of the community are not less sought than its pecuniary aid to meet the varied expenses incidental to the Society's operations, the extent and utility of which, in a field so wide, can only be limited by the extent of means at command.

Communications and contributions will be thankfully received by the Secretary on behalf of the Committee.

---

*The number of prosecutions by the Society from its commencement in 1874 to the present time, has extended to upwards of 2,28,738 cases.

PROPOSITION I.

Proposed by Sir Dinshaw Petit, Bart.

Seconded by Radhakant Malaviya, Esq., and carried unanimously.

That the Reports together with the Audited Statements of Accounts of the Society and the Hospital for the year 1923 be approved and adopted.

Sir Dinshaw Petit, Bart., in opening the proceedings said :—

Ladies and Gentlemen, as is the usual practice I will, with your permission, take as read the report which has been sent to all the members of the Executive and the General Committee.

The Report gives a resume of the continuation of the good work which this Society has been doing for a number of years. There are two particular matters in this Report to which I wish to allude before putting this proposition before you. The first matter is the demise of Sir Narayen Ganesh Chandavarkar, Kt., who was a most valued member of our Committee. The Society has suffered an incalculable loss by his demise. He was a most useful member of the Committee. He used to attend the meetings most regularly and he used to give his mature advice in all important matters. Not only that but in several cases he used to help the Committee by drafting letters and memorials which had been found necessary at times to be made to the Government. Even at his house he used to send for the Secretary very often and used to devote hours together on the work of this Society. It is not merely a formal matter which I am referring to, but it is indeed a great loss to the Society and the resolution which is embodied in the report expresses in the truest possible manner the feelings of the Committee.

The next factor which comes within the purview of this annual report is the version of the finances of the Society. On page 4 of the report you must have seen it stated that instead of allowing us the full levy of fines which were collected through the exertions of the Agents of this Society, Government all of a sudden, converted this concession of fines into a sort of grant-in-aid.

The amount of fines collected came to Rs. 31,000 and the grant allowed us came to about Rs. 24,000. Under the system which prevailed ever since the Society came into existence, we would have got Rs. 31,000, instead we only got from the Government Rs. 24,000 and odd, and Government made a profit of Rs. 7,000 this year out of the fines which were levied on account of cases of cruelty recovered through the exertions of the Society and their Agents. There was a considerable correspondence carried on with Government on this matter but Government did not heed to our request and we could not get anything more than Rs. 24,960. That was in the year under report. Since then, I am, however, glad to inform you, that Government have given us approximately the full amount collected through fines inflicted through the exertions of this Society. It was rather disappointing for those who, leaving aside their ordinary business and avocations meet here every month and otherwise devote their time for the good of the dumb creatures that Government, instead of recognising the good work that is being done by the Society should all of a sudden have taken this step. Government has never expressed any dissatisfaction with our work and we are always willing to take any suggestions either they be from Government or from the public which would be of greater advantage to the animal world, but I do not know what actuated Government to take this step all of a sudden, a step which resulted in the work of the Society tending in

a loss of Rs. 7,000 in a year. However, as I have mentioned to you, Government have for the last two years been giving us the full collection of fines after deducting the expenses which they have to incur in this connection.

Before I take my seat, I must congratulate the Executive Committee of this Society in having been successful in getting the co-operation of Lady Macleod by inducing her to join the Executive Committee. She has been of the greatest help to us even when she was not a member of the Committee for she always took a great interest in the affairs of this Society and I have not the slightest doubt that with her joining the Executive Committee we will be the richer with her help and co-operation.

With these words, Gentlemen, I beg to propose that the Reports, together with the Audited Statements of Accounts of the Society and the Hospital for the year 1923 be approved and adopted.

Mr. Radhakant Malaviya in seconding the resolution said:—

I have much pleasure in seconding this resolution. The report shows the amount of good work done by the Society. The Hospital for Animals is one of which every one of us feel proud. The remarks I am going to make, I hope will be taken in the spirit in which I am going to make them, that apart from the work of the Hospital and the prosecutions I wish that the Society does something more practical. I do not mean to say that there should not be prosecutions. The Society is for the Prevention of Cruelty to Animals and all the methods that are possible in the prevention of cruelty to animals ought to be adopted. One of the most effective methods to my mind is the creation of strong public opinion on this point. The cruelty that is practised in the slaughter

houses and the pitiable sight of fowls being carried with their heads hanging downwards in the markets is distressing to me as a Hindu and a Brahmin. If the Society would take propaganda work in right earnest it should be able to so educate public opinion as to make such practices a thing of the past. I well remember that a Committee was appointed on this point and I was also put on the Committee, but no notice of any meeting has been sent to me and I know nothing about it. It seems that for the carrying out of all the objects of the Society it should be a more living organizm that it has been. With these words I second the proposition.

This resolution was duly passed after the President's reply to the above as follows:—

Criticism such as the gentleman has made are always welcome, and we always take such criticisms in the best possible light. I agree with his proposal that propaganda work will create a strong public opinion but over and above that the Society cannot take any step for the working of the slaughter house etc., in a manner more suitable to the humane feelings of people, and that is because the Act empowers the Society to prosecute cases of cruelty in public places only, they are not given power to take any cognizance of what may be happening in private properties and private areas. Possibly an attempt may be made to move Government to so change the Act in that direction but as things are at present we are absolutely helpless in this respect. With regard to the birds being carried with their heads hanging low in market places, he would have already seen in the report that there have been prosecutions in this respect.

PROPOSITION II.

Proposed by Jehangir Bomanjee Petit, Esq.

Seconded by Ghellabhai Hansraj, Esq. and carried unanimously.

That the following gentlemen and lady be appointed members of the Executive and General Committees of the Society and Hospital respectively :-

EXECUTIVE COMMITTEE.

Sir Dinshaw Petit, Bart., (*President.*)

and that Messrs. Chandabhoy & Jassoobhoy, Associated Accountants, (London), be appointed Auditors of the Society and Hospital; Hiralal D. Nanavati, Esq., Honorary Solicitor; and Vicaji A. Taraporvala, Esq., Honorary Architect to the Society.

PROPOSITION III.

Proposed by Sir Currimbhoy Ebrahim, Bart.

Seconded by Karsandas Thackersey Rowjee, Esq., and carried unanimously.

That a sum of Rs. 47,000 be set apart from the funds of the Bai Sakarbai Dinshaw Petit Hospital for Animals and be added to the HOSPITAL TRUST FUNDS.

PROPOSITION IV.

Proposed by Lady Macleod.

Seconded by Ruttonsey Dharamsi Morarjee Esq., and carried unanimously.

That the best thanks of this Society be tendered to the Cotton and Grain Merchants and to Mill Owners and Agents for their very liberal contributions towards the support of the Hospital for Animals.

Lady Macleod in proposing a vote of thanks to the Cotton and Grain Merchants and to Mill Owners and Agents said :—

Mr. President and Gentlemen, I have much pleasure in acknowledging with thanks the kind words spoken of me but I cannot say that I am entitled to it.

There is no use in saying that cruelty is being practised in markets such as carrying birds with heads hanging downwards for we cannot prevent whole masses of people from doing such things, I mean we cannot have wholesale arrests made. People must themselves feel pity towards these dumb fellow creatures and for this the masses need to be educated. I hope our Society will be able to bring a better spirit to prevail amongst the people, in this behalf.

I now propose that the best thanks of this Society be tendered to the Cotton and Grain Merchants and to Mill Owners and Agents for their very liberal contributions towards the support of the Hospital for Animals."

Dr. Kavasji Edalji Dadachanji, M. L. C. then proposed a vote of thanks to the President which was carried by acclamation.

The Meeting was then dissolved.

OBJECTS AND PLANS OF THE SOCIETY.

THIS Society commends itself to the support and co-operation of the community on the following catholic grounds :—

Its special objects.—The prevention of cruel and improper treatment of animals, and the amelioration of their condition generally throughout India. The means to this end are :—

1. The agency of paid officers, whose duty it is in the city to watch, warn, and threaten or prosecute, as needful, all persons found guilty of inhumanity to animals.*

2. The distribution of printed papers in the Maratki, Gujarati and English languages, warning the heartless, instructing the ignorant, and providing all with information and useful hints respecting the treatment of their dumb labourers.

3. The circulation of papers in English amongst the European and educated native community, furnishing information as to the law throughout India, and the means at their disposal for punishing the wantonly cruel, and holding a check upon brutal inhumanity.

4. Inviting information and suggestions from all who are interested in the cause of civilization throughout India respecting any barbarous practices, whether arising from cruelty or ignorance, over which this Society may be thought able to exercise any influence, towards the improvement of the treatment and conditions of labouring and domestic animals.

5. The introduction into schools and elsewhere of books or tracts in English and the Vernacular calculated to impress on youths the duty of humanity towards the inferior animals.

6. Seeking the aid of the Pulpit, the Press and all Public Instructors in advocating the principles and objects of this Society, having in view the promotion of humanity towards the animal-creation.

Towards these ends the moral support and co-operation of the community are not less sought than its pecuniary aid to meet the varied expenses incidental to the Society's operations, the extent and utility of which, in a field so wide, can only be limited by the extent of means at command.

Communications and contributions will be thankfully received by the Secretary on behalf of the Committee.

---

*The number of prosecutions by the Society from its commencement in 1874 to the present time, has extended to upwards of 258,326 cases.

Assault on the Society's Agent.

Society's Agent No. 43, Bhisaji Kanooji, was assaulted by one Panchamdas when he was taking two bullocks to the Bai Sakarbai Dinshaw Petit Hospital for Animals under the orders of the Honorary Presidency Magistrates, Girgaum. On a complaint being made by the said Agent at the Lamington Road Police Station the said Panchamdas was arrested and charged before the 4th Presidency Magistrate on the 6th April 1925.

On the accused pleading guilty he was convicted and fined Rs. 40 or in default was sentenced to undergo 6 weeks' rigorous imprisonment.

Appeal filed by Government against the Acquittal in overloading Carts with sand.

At the instance of the Society, Government was pleased to file an appeal against the decision of acquittal in 17 cases of carts overloaded with sand.

The appeal was filed by Government only in one case as a test one but the judgment shows that the Court has taken into consideration all the 17 cases. All the carts belonged to one party and hence only one judgment could be pronounced.

The judgment of the appeal in Case No. 289 of 1925, Imperator *vs.* Ganpat Ramchandra will be found in Appendix " B."

The Society's best thanks are due to Mr. A. Kirk Smith for the interest he had taken on behalf of the Society to file an appeal in the High Court.

"Gentlemen, I have received a message on behalf of Lady Macleod who is a member of the Committee of the Society, and who has taken a keen interest in the work of the Society to state that she is very sorry she could not be present on this occasion.

"As regards the Report, with your permission, I will take it as read as it has already been circulated amongst you. There is no special feature on which I have to make any lengthy remarks and therefore I have no reason to detain you. I propose that the Report together with the Audited Statements of Accounts of the Society and the Hospital for the year 1924 be approved and adopted. "On behalf of the Society in my capacity as the President, I tender my best thanks to the Grain and Cotton

Merchants and to Mill Owners and Agents for their contributions without which the Society would not be able to carry out its work. I trust they will continue to extend their contributions as long as the Society exists."

The proposal was put to the vote and carried unanimously.

Mr. Ghellabhai Hansraj proposed a vote of thanks to the President in which he stated that Sir Dinshaw takes a keen interest in the work of the Society and deserves every credit.

APPENDIX B.

Judgment recorded by the High Court in Criminal Appeal No. 289 of 1925 (By the Government of Bombay) in the Case of Imperator v/s. Ganpat Ramchandra.

17th September 1925.

CORAM :—FAWCETT AND MADGAONKAR, JJ.

Per Curiam :—This is an appeal by the Government of Bombay against the acquittal of the accused Ganpat Ramchandra by the Honorary Presidency Magistrates' Court at Dadar. The charge against him was that he permitted the ill treatment of bullocks by over-loading each cart with sand weighing more than 64 maunds and so committed an offence punishable under Section 3 of the Prevention of Cruelty to Animals Act 1890. The accused pleaded not guilty. He admitted that the Prosecutor, who was a representative of the Bombay Society for the Prevention of Cruelty to Animals, weighed one bag of sand but said that all the bags were not of the same size. The Prosecutor in his evidence says that he saw the bullocks of one Ramnath drawing the cart-load with difficulty, that he weighed one bag and found it to weigh $4\frac{3}{4}$ maunds and that each cart contained 16 bags. He also says that all the bags were of the same size. Two cartmen were examined but there is no record of their evidence. The third cartman Ramnath is recorded to have said that he told the accused not to load 16 bags in his cart, as they were large and very heavy, that 3 men could not lift the bag easily, that his animals could draw the load only with difficulty, that the bags were all of the same size and that some were wet and very heavy. No evidence was adduced by the accused. But the learned Magistrates in their finding say: "As all the

bags were not weighed, we are not satisfied that the carts were overloaded." It seems to us that in arriving at this conclusion they were probably misled by the charge specifying that each cart contained more than 64 maunds of sand. That apparently is based on a notification by the Commissioner of Police in 1881, to which our attention has been drawn. It is there stated that merchants often load carts with a weight which involves cruelty to the bullocks drawing them and the Commissioner of Police, therefore, on the presentation of the Bombay Society for the Prevention of Cruelty to Animals, notified that the Police would take action in cases where any cart drawn by strong bullocks carried more than 8 bags of grain weighing 64 Bombay maunds or 16 cwts. or any other merchandise or articles above that weight. He added that action might be taken in cases where the weight was within the above limit, if the bullocks or other animals drawing the load were by reason of disease or weakness unfit for the work. This notification however, clearly cannot in any way limit the scope of Section 3 of the Act which only requires proof of cruelty or unnecessarily overloading any animal, so far as the particular charge we are now dealing with is concerned: and it is not essential for conviction under that Section, in a case like the present, that it should be proved by the prosecution that the contents of each cart actually weighed more than 64 maunds. In any case it seems to us clear that there is a strong presumption that in fact the contents of each cart were in excess of that particular weight, for not only do the prosecutor and Ramnath say that all the bags were of the same size but it is also probable that the bags used would be of the same size and that each would be filled with about the same amount of sand to its full capacity. No doubt there might be some difference in the weight of each bag but as the actual bag weighed was found to be ¾ maunds in excess of 4 maunds, there is considerable room for variances of weight still making the total load of a cart more than 64 maunds.

It has been urged for the accused that it is in evidence that some of the bags were wet and therefore that the bag actually weighed may have been one of these wet bags and possibly the heaviest of the whole lot. That of course, is a point which has to be taken into consideration, but in our opinion it is not sufficient to outweigh the uncontradicted testimony that these bags were all very heavy and that the bullocks could only draw the load with difficulty. In fact it is unlikely that the Prosecutor would have intervened in this case, unless his evidence that he had noticed this difficulty were true.

In the circumstances, we find that the acquittal of the accused was not justified on the evidence and we convict the accused of the offence charged under Section 3 and sentence him to pay a fine of fifty rupees and in default to suffer simple inprisonment for a fortnight.

By the Court.

(Sd.) M. A. RANDELIA,

Deputy Registrar.

OBJECTS AND PLANS OF THE SOCIETY.

This Society commends itself to the support and co-operation of the community on the following catholic grounds :—

Its special objects.—The prevention of cruel and improper treatment of animals, and the amelioration of their condition generally throughout India. The means to this end are :—

1. The agency of paid officers, whose duty it is in the city to watch, warn, and threaten or prosecute, as needful, all persons found guilty of inhumanity to animals.*

2. The distribution of printed papers in the Marathi, Gujarati and English languages, warning the heartless, instructing the ignorant, and providing all with information and useful hints respecting to the treatment of their dumb labourers.

3. The circulation of papers in English amongst the European and educated native community, furnishing information as to the Law throughout India, and the means at their disposal for punishing the wantonly cruel and holding a check upon brutal inhumanity.

4. Inviting information and suggestions from all who are interested in the cause of civilization throughout India respecting any barbarous practices, whether arising from cruelty or ignorance, over which this Society may be thought able to exercise any influence, towards the improvement of the treatment and conditions of labouring and domestic animals.

5. The introduction into schools and elsewhere of books or tracts in English and the Vernacular calculated to impress on youths the duty of humanity towards the inferior animals.

6. Seeking the aid of the Pulpit, the Press and all Public Instructors in advocating the principles and objects of this Society, having in view the promotion of humanity towards the animal creation.

Towards these ends the moral support and co-operation of the community are not less sought than its pecuniary aid to meet the varied expenses incidental to the Society's operations, the extent and utility of which, in a field so wide, can only be limited by the extent of means at command.

Communications and contributions will be thankfully received by the Secretary on behalf of the Committee.

---

* The number of prosecutions by the Society from its commencement in 1874 to the present time, has extended to upwards of 291,870 cases.

To

THE SECRETARY,
THE SOCIETY FOR THE PREVENTION OF
CRUELTY TO ANIMALS.

SIR,

I am directed to address you this letter in connection with the difficulty and hardship experienced by bullocks and other animals on Sewri Jakaria Bunder Road which begins from the property of Messrs. Vasanji Lalji Khimji & Co.

The said Sewri Jakaria Bunder Road is a rising slope but it is so steep and straight that even Motor Lorries find it harder to go up to the slope. The bullocks and horses have to traverse up the slope and going up this Steep Road is indeed an ordeal for them because it is with great difficulty that these dumb animals can draw a loaded cart or carriage and it is really cruelty to animals to keep the slopes of the Road so steep. If you will be kind enough to see the place and the bullocks drawing up the carts faltering and breathing heavily at every step, you would surely come to conclusion that something must be done to prevent this sort of silent suffering to animals. I therefore request you to kindly take immediate steps in the matter and move the Municipal Authorities concerned to make the slope of the Road in such a way that the poor animals would go up the Road easily with

cart loads and I hope your Committee will take early steps in the matter.

Yours faithfully,

DEAR SIR,

Re: The hardship on Bullocks on Sewri Jakaria Bunder Road.

I am in receipt of your letter of the 18th instant. A letter was written on the 11th April 1928 on the Municipal Commissioner of Bombay with regards to the above matter and copies of that letter and of the reply to it dated 20th April 1928 from the Executive Engineer were forwarded to you on the 23rd April 1928. A reminder has been written to-day to the Executive Engineer and a copy of it is forwarded to you herewith.

Yours faithfully,

To
THE SECRETARY,
S. P. C. A.
Bombay Municipality.
27—7—1928.

SIR,

With reference to your letter No. 809 of 13-6-1928, I have the honour to inform you that the steepness of the

portion of Sewri Road, and the consequent hardship entailed on bullocks in traversing it, referred to by you, have been in existense for years past but no complaint had been received prior to the construction of godowns in the locality. Presumably, the recent construction of the godown has accentuated the difficulty, but the party who built the godowns should have satisfied himself beforehand that there was a suitable access to them. It is true that he has constructed roads within his own property but there is no access to them except over the ridge.

The inconvenience caused by this ridge has been under my consideration for some years, but it has not been possible to do anything to lower it as this road is the only access to the properties abutting on it as also to others further North. No access from the Northern end is possible as the old Sewri Cemetry Road and portion of Sewri Road have been lowered but not substituted by new roads. The proposal therefore to lower the ridge as suggested by you, involving as it would, the closing of the road for a considerable length of time and thereby the cutting off of the locality from all access by vehicular traffic is hardly practicable.

I may state here for your information that I have submitted to the Corporation a proposal to extend the private streets newly laid out by Messrs. Vassanji L. Khimji in their property to join Sewri New Road, after they are taken over by the Municipality and declared public under S. 306 (1) of the Municipal Act. If the proposal is approved, there will be no cause for complaint as the locality will be directly accessible from Sewri New Road.

I have the honour to be,
Sir,
Your most obedient Servant,
(Sd.)
Municipal Commissioner
for the City of Bombay.

OBJECTS AND PLANS OF THE SOCIETY.

This Society commends itself to the support and co-operation of the community on the following catholic grounds :—

Its special objects.—The prevention of cruel and improper treatment of animals, and the amelioration of their condition generally throughout India. The means to this end are :—

1. The agency of paid officers, whose duty it is in the city to watch, warn, and threaten or prosecute, as needful, all persons found guilty of inhumanity to animals.*

2. The distribution of printed papers in the Marathi, Gujarati and English languages, warning the heartless, instructing the ignorant, and providing all with information and useful hints respecting the treatment of their dumb labourers.

3. The circulation of papers in English amongst the European and educated native community, furnishing information as to the Law throughout India, and the means at their disposal for punishing the wantonly cruel and holding a check upon brutal inhumanity.

4. Inviting information and suggestions from all who are interested in the cause of civilization throughout India respecting any barbarous practices, whether arising from cruelty or ignorance, over which this Society may be thought able to exercise any influence, towards the improvement of the treatment and conditions of labouring and domestic animals.

5. The introduction into schools and elsewhere of books or tracts in English and the Vernacular calculated to impress on youths the duty of humanity towards the inferior animals.

6. Seeking the aid of the Pulpit, the Press and all Public Instructors in advocating the principles and objects of this Society, having in view the promotion of humanity towards the animal creation.

Towards these ends the moral support and co-operation of the community are not less sought than its pecuniary aid to meet the varied expenses incidental to the Society's operations, the extent and utility of which, in a field so wide, can only be limited by the extent of means at command.

Communications and contributions will be thankfully received by the Secretary on behalf of the Committee.

* The number of prosecutions by the Society from its commencement in 1874 to the present time, has extended to upwards of 3,31,662 cases.

REPORT

OF

THE BOMBAY SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS

AND

THE BAI SAKARBAI DINSHAW PETIT HOSPITAL FOR ANIMALS

FOR 1929 and 1930.

LAST GENERAL MEETING.

THE last General Meeting of the Bombay Society for the Prevention of Cruelty to Animals was held at the Office of Sir Dinshaw Petit, Bart., 359, Hornby Road, Fort, Bombay, on 19th June 1929 at 5-30 p. m. (S. T.) when Sir Dinshaw Petit, Bart., occupied the chair. The proceedings of the Meeting are given in Appendix "**A.**"

SOCIETY.

The Executive Committee of the Society and the Hospital beg to submit their Report of the work done during the years 1929 and 1930.

A brief survey of the Society's operations during the years 1929 and 1930 will serve to show that the humane work of preventing cruelty to Animals has been carried on in the City of Bombay and the suburb of Bandra during these two years as satisfactorily as in the past years in spite of the fact that due to riots and disturbances which occurred during

the years under Report, the Agents of the Society had to discharge their duties under handicapping conditions as they had to work in disturbed localities.

Cases dealt with.

During the years under Report 36,812 prosecutions were instituted and convictions obtained in 35,072 cases. In 962 cases the accused were acquitted. In 553 cases the accused were warned and discharged by the Honorary Magistrates.

Chronological Record.

Chronological Record of the cases dealt with during the last five years from 1926 to 1930 is as follows:—

Year.	No. of Agents.	No. of Cases Prosecuted.	No. of Convictions.	No. of Animals Concerned.
1926	48	17,391	17,064	16,656

Sir Dinshaw Petit, Bart. in opening the proceedings said :—

APPENDIX "A."—(*Contd.*).

"Gentlemen, I understand that the Report of the work of the Society and the Hospital for the years 1927 & 1928 has been circulated amongst the members and they are in full possession of the facts and have full knowledge of the work that has been done by the Society and the Hospital. I trust that the members are satisfied with the work that has been put forward by the Society. I have got no special remarks to make except that pertaining to one important matter to which I would like to refer though it is not mentioned in the Report because the incident to which I allude is not covered by the Report as it did not happen during the period to which Report relates. I refer to the death of our late Secretary and Treasurer Mr. Dadabhoy Colah who had been so very useful to the Society and the Hospital and who rendered good services whilst he was Secretary and Treasurer of the Society and the Hospital. When he retired after putting in good work we appointed him a member of the Executive Committee of the Society and the Hospital expecting that he will be of great use to the Committee as one of our colleagues. Unfortunately his end came rather suddenly, long before anybody expected it, and I cannot help expressing great regret at the loss the Society and the Hospital has suffered by his death. I have got no further remarks to make and I now propose that the Report together with the Audited Statements of Accounts of the Society and the Hospital for the years 1927 and 1928 be approved and adopted. If any member has any remarks to make he is welcome to do so. I now put this proposition to vote on behalf of the Society and the Hospital."

OBJECTS AND PLANS OF THE SOCIETY.

This Society commends itself to the support and co-operation of the community on the following catholic grounds :—

Its special objects.—The prevention of cruel and improper treatment of animals, and the amelioration of their condition generally throughout India. The means to this end are :—

1. The agency of paid officers, whose duty it is in the city to watch, warn, and threaten or prosecute, as needful, all persons found guilty of inhumanity to animals.

2. The distribution of printed papers in the Marathi, Gujarati and English languages, warning the heartless, instructing the ignorant, and providing all with information and useful hints respecting the treatment of their dumb labourers.

3. The circulation of papers in English amongst the European and educated native community, furnishing information as to the Law throughout India, and the means at their disposal for punishing the wantonly cruel and holding a check upon brutal inhumanity.

4. Inviting information and suggestions from all who are interested in the cause of civilization throughout India respecting any barbarous practices, whether arising from cruelty or ignorance, over which this Society may be thought able to exercise any influence, towards the improvement of the treatment and conditions of labouring and domestic animals.

5. The introduction into schools and elsewhere of books or tracts in English and the Vernacular calculated to impress on youths the duty of humanity towards the inferior animals.

6. Seeking the aid of the Pulpit, the Press and all Public Instructors in advocating the principles and objects of this Society, having in view the promotion of humanity towards the animal creation.

Towards these ends the moral support and co-operation of the community are not less sought than its pecuniary aid to meet the varied expenses incidental to the Society's operations, the extent and utility of which, in a field so wide, can only be limited by the extent of means at command.

Communications and contributions will be thankfully received by the Secretary on behalf of the Committee.

REPORT

OF

THE BOMBAY SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS

AND

THE BAI SAKARBAI DINSHAW PETIT HOSPITAL FOR ANIMALS

FOR 1931 and 1932.

LAST GENERAL MEETING.

THE last General Meeting of the Bombay Society for the Prevention of Cruelty to Animals was held at the Office of Sir Dinshaw Petit, Bart., 359, Hornby Road, Fort, Bombay, on 24th September 1931 at 5-45 p. m. (S. T.) when the late Sir Dinshaw Petit, Bart., occupied the chair. The proceedings of the Meeting are given in Appendix "**A.**"

SOCIETY.

The Executive Committee of the Society and the Hospital beg to submit their Report of the work done during the years 1931 and 1932.

During the years 1931 and 1932 the work of prevention of animal cruelty was carried on in the City of Bombay and the suburb of Bandra by the Agents and Inspectors of the Society under various handicapping conditions arising from disturbances political and communal which were rife during these years. The success that has been achieved in spite

of these disadvantages is due to the energy put forth by the Society's executive supported by the co-operation of the Police and the Magistracy.

Cases dealt with. During the years under Report, 30,385 Prosecutions were instituted and convictions obtained in 29,626 cases. In 508 cases, the accused were acquitted. In 251 cases, the accused were warned and discharged by the Honorary Magistrates.

There were 1,580 prosecutions against the drivers of bullock carts for overloading timber, stones and other sundry articles. Also 1,492 loaders were prosecuted for overloading. The rest were for other infirmities.

Work done at the Society's Dispensaries at four different Courts of the H. P. Magistrates.

In the four dispensaries maintained by the Society in the Courts of the Honorary Presidency Magistrates at Fort, Girgaum, Mazagon and Dadar respectively, 5,242 animals were treated free of charge by our Veterinary Inspectors. Of these 4,294 were brought by the Agents of the Society and 948 by the Police.

Work done at Bandra.

During the years under Report, 661 prosecutions were instituted and 609 convictions obtained. In 32 cases the accused were acquitted and in 20 cases the accused were warned and discharged. Out of these, 85 were cases of Horses, 569 cases of Bullocks, 1 case of Buffalo, 2 cases of Goats, 1 case of Fowls and 3 cases of Pigs.

Complaints by the Public.

The Society also investigated during the years under Report complaints from the public of cruelty to animals and brought to law the culprits whenever the offence was found to have been committed.

Conditions sought to be imposed on the Society by Government.

During the years under Report, differences arose between the Society and Government by reason of Government asking the Society to comply with the following conditions:—

1. The accounts of the Society should be regularly audited by its auditors.
2. The credit balance of the Society should be invested in Government paper or in a Presidency Bank or in the Post Office Savings Bank.
3. The Society should furnish a certificate in original signed by the Society's auditors

stating that the above two conditions were complied with by the Society.

Condition No. 1 was already being regularly complied with by the Society. The matters in dispute were with respect to conditions Nos. 2 and 3 which appeared to the Society to be rather hard and unnecessary. After some discussion, the Committee is happy to report, a settlement was arrived at, whereby the Society's right of investing its surplus funds in the securities authorised by the Trust Act was recognised by Government and instead of the certificate in original signed by the Society's auditors Government agreed to accept a true copy of the same.

Increasing of the Percentage Deduction of Police Fines.

During the years under Report, the percentage deduction made by Government from the total collection of fines recovered through the instrumentality of the Agents of the Society and paid to the Society by way of grant-in-aid, was increased from 5% to 10%. Your Committee objected to this increase and negotiated with the Government for the continuance of the percentage deduction at the former rate of 5% of the total collection of fines; but the negotiations were not successful.

That the reports together with the Audited Statements of Accounts of the Society and the Hospital for the years 1929 and 1930 be approved and adopted.

Sir Dinshaw Petit, Bart., in opening the proceedings said :—

APPENDIX "A."—(*Contd.*).

"Gentlemen, the Report and the Audited Accounts of the Society and the Hospital for the years 1929 & 1930 have already been circulated and they are in your hands, and so you must have known how the Society and the Hospital have worked during the period under report. Upti*l* now we have done our work very smoothly and our best thanks are due to the Cotton Merchants and the Grain Merchants and the other members of the public who have most liberally supported us in our work and our funds. But I am sorry I cannot say that we have had the same encouragement from Government. We find for some time past that we are not only not getting the encouragement that we deserve from Government but on the other hand we are getting treatment which I think no self respecting Association would take lying down. There has been some correspondence going on on different matters and as the subjects on which this correspondence is going on have not been yet settled, I do not wish to go into details now. But I trust that before our next meeting I will be in a position to state that there has been a change in the attitude of Government. If, unfortunately, such a change in their attitude does not come about, I am afraid we will have to put some very drastic proposition before the General Body and chalk out a new policy and work for ourselves.

I have got no further remarks to make about the working of the institutions that are under our control.

After the period under report we have sustained a great loss by the death of our colleague Sir Jamsetjee Jejeebhoy, Bart., a member of the Executive Committee of the Society and the Hospital. We very much mourn his loss and miss his co-operation.

I must also report to you our great regret at the death of our late Accountant, Mr. Cursetji M. Shroff who had been

in the service of the Society for a number of years. He was a very faithful servant and did his best in the interests of this Society.

With these remarks, Gentlemen, I beg to move the first proposition before you".

PROPOSITION II.

Proposed by Madhavjee Damodher Thackersey, Esq.

Seconded by Dr. Ardeshir H. Gasvala,
and carried unanimously.

for their very liberal contributions towards the support of the Hospital for Animals.

REPORT

OF

THE BOMBAY SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS

AND

THE BAI SAKARBAI DINSHAW PETIT HOSPITAL FOR ANIMALS,

For 1935 and 1936.

LAST GENERAL MEETING.

THE last Biennial General Meeting of the Bombay Society for the Prevention of Cruelty to Animals was held at the Society's Office, Petit Building, 359, Hornby Road, Fort, Bombay, on the 16th of April 1935, when the President of the Society, Mr. Jehangir Bomanjee Petit, occupied the Chair. The proceedings of the meeting are given in Appendix **A**.

SOCIETY.

The following is a brief summary of the work done during the years 1935 and 1936 :—

During the period under review, the work of detection, prevention and punishment of animal cruelty was carried out in the City of Bombay and the Suburb of Bandra as satisfactorily as in the previous years except for about a few months in the year 1936 when the Agents of the Society were hampered in the detection work due to the disturbances prevailing in the City.

Cruelty cases detected and prosecutions instituted in respect of them.

During the period under review 22,762 cases of cruelty to animals were detected by the Agents of the Society and in respect of them 34,877 prosecutions were instituted. Convictions were secured in 32,744 cases. In 1,022 cases the accused were acquitted and in 1,111 cases they were warned and discharged by the Magistrates.

Chronological record.

A chronological record of the prosecutions instituted by the Society during the last five years from 1932 to 1936 is given below : –

Year.	No. of Agents.	No. of Cases Prosecuted.	No. of Convictions.	No. of Animals Concerned.
1932 ..	39	16,521	16,069	12,673
1933 ..	41	19,253	18,816	13,780
1934 ..	43	20,103	19,346	14,279
1935 ..	48	19,599	18,693	13,394
1936 ..	45	15,278	14,051	10,341

Work done at the Society's Dispensaries at the four different Courts of the H. P. Magistrates.

In the four Dispensaries maintained by the Society in the Courts of the Honorary Presidency Magistrates at Fort, Girgaum, Mazagon and Dadar, 3,148 animals were treated free of charge by our Veterinary Inspectors. Of these 2,720 were brought by the Agents of the Society and 428 by the Police.

Bandra work.

During the years under review, 898 cases of different forms of cruelty to animals were detected, and in respect of them 979 prosecutions were instituted. In 896 cases convictions were secured, in 60 cases the accused were acquitted, and in 23 cases they were warned and discharged.

Complaints by the public.

The Society also investigated, during the period under review, various complaints from the public of cruelty to animals, took the necessary action with respect to the same and brought to book the culprits whenever the offences were found to have been committed.

Award of compensation to the widow of a deceased Hindu youth.

During the years under review, your Society awarded a sum of Rs. 50 to the widow of a Hindu youth who gave up his life for saving a dog from being run over by a train.

The R.S.P.C.A., London, on being informed by your Society of this incident, also gave its certificate for animal-life saving and a sum of Rs. 50 to the widow.

Allowance of more load in rubber-tyred carts.

Your Society, at the request of the Dunlop Rubber Co. (India), Ltd., considered the question of allowing, in the rubber-tyred carts put by them on the streets, the carriage of a greater pay-load than what was permitted by it in case of iron-tyred carts. A demonstration of this type of cart was given in the presence of Sub-Committees of your Society and of the Grain Merchants' Association as a result of which your Society agreed to allow a pay-load upto a maximum of 20 cwts. in the rubber-tyred carts drawn by a pair of bullocks as against 16 cwts. permitted in the iron-tyred carts.

Detention of animals pending hearing of cases.

With a view to facilitate the production of animals from the out-lying districts before the trying Magistrates and to minimize the hardship entailed on them in consequence of their distance, your Society, at the request of the Society of Honorary Presidency Magistrates, has agreed, on certain conditions, to detain in the Sakarbai Hospital, Parel, pending the hearing of their cases, all such animals as may

have to be brought into the City for the purpose at the Dadar Court, provided they are free from contagious and infectious diseases.

Licensing of Farriers.

The question of the licensing of farriers, which was suggested by your Society to the Municipality and the Government, to which a reference was made in the last report, reached a satisfactory conclusion during the years under review, with the result that now, all persons who desire to practise as farriers, will have to obtain a licence from the Municipality for the purpose, after passing a proper test of competency.

Your Society believes that this step will exclude in course of time all unqualified persons from this occupation with considerable benefit to the animals coming to or stabled in the City.

Catching of stray dogs from the streets of the City.

Complaints having been received by the Society from the public that the methods used by the Municipality for the catching of stray dogs in the City were not free from cruelty, your Society took up with the Municipality the question of the adoption of more humane ways for the purpose. The evolution of a method which would eliminate unnecessary cruelty to the animals concerned, is at present being considered by your Society; and it is hoped that it will be possible before long to find a satisfactory solution.

Transport of heavy beams and unwieldy articles.

Another important question engaging the attention of your Society at present, is the transport of very lengthy and heavy iron beams, timber and other unwieldy loads which are generally carried at present in bullock-carts. Your Society is of opinion that this method of transport is unsatisfactory, inasmuch as it imposes unnecessary and avoidable hardship on the animals concerned; and that the use of motor traction should be made obligatory in such cases. The matter has

been before your Committee for some time; and they are now considering the best manner in which this object can be attained.

Restricting and regulating the use of certain steep roads of the City by animal-drawn vehicles.

Your Society also requested the Commissioner of Police to restrict the use of animal-drawn hired vehicles on Wilderness, Mount Pleasant, Nepean and Altamont Roads, which, owing to their high gradients, entailed unnecessary hardship on the animals. The Society's request was, however, turned down on the ground that the roads in question were very little used. The question of moving the Government in the matter will have to be finally considered, in the event of the failure of all other alternative methods.

Putting up of posters re. carrying of poultry, etc.

Your Society has also taken up the question of putting up posters in the various markets of the City advising the public that it is cruelty to carry poultry and other birds suspended by legs.

Your Society takes this opportunity of thanking the Municipality and the owners of private markets who have allowed the exhibition of such posters in the markets under their control.

Formation of a suitable library for the Society.

The formation of a suitable library for the Society has been taken in hand since the year 1936; and an expenditure of Rs. 500 per year has been sanctioned by the Executive Committee of your Society for the purpose.

Amendments in the Rules of the Society and the Hospital.

During the years under review, several necessary alterations were made in the Rules of the Society and the Hospital. The proceedings of the Extraordinary General Meeting of the Society, where these alterations were passed, are given in Appendix B.

Finance.

The income of the Society during the two years under review, under the headings (1) Police Fines (Bombay and Bandra), (2) Contributions received from the Cotton and Grain Merchants, (3) Subscriptions and Donations, (4) Charges received from the public in respect of the hire of the Society's motor ambulance, and (5) Other sundry items, amounted to Rs. 71,471-13-0 against an expenditure of Rs. 73,175-14-4. Details of these, as also of the Subscriptions and Donations received during the period under review, are given in Appendices **C** and **D**.

HOSPITAL.

The Bai Sakarbai Dinshaw Petit Hospital for Animals at Parel has during the years under review, carried on with success the work of giving relief to sick and disabled animals.

Animals treated at the Hospital as inpatients and outpatients.

The number of animals sent by the Honorary Presidency Magistrates and those brought voluntarily for treatment at the Hospital during the period under review was 9,023. Out of this number, 4,784 were treated as inpatients and 4,239 as outpatients.

Accommodation for rabid animals other than dogs.

Special accommodation has been provided at the Hospital for rabid animals other than dogs by suitably altering a portion of one of the existing unused wards at a cost of Rs. 800.

Electric installation.

Electric lights have been installed at the Hospital at a cost of Rs. 1,452.

New structure, repairs, etc.

A new structure of four rooms has been built at a cost of Rs. 2,868-10-6 for accommodating the *mulis* of the Hospital.

Certain urgent repairs and renovations to some of the structures in the Hospital compound have recently been sanctioned at a cost of Rs. 3,461-8-6, and the work is in progress.

Contributions from Cotton and Grain Merchants.

The Committee's best thanks are due to the Cotton Merchants of Bombay for their contributions which amounted to Rs. 41,498-8-2 as against Rs. 32,277-0-5 in the preceding biennial period, to the Owners and Agents of Mills who took the trouble of collecting these contributions and sending them to us regularly, and to the Grain Merchants whose contributions amounted to Rs. 10,367-15-0 as against Rs. 10,962-12-9 in 1933 and 1934.

The Committee hopes that the support which has been given uptil now will be continued.

Donations.

The Committee also gratefully acknowledges the Donations to the Funds of the Hospital, received during the years 1935 and 1936 as per details given in Appendix **E.**

Finance.

The income of the Hospital during the two years under review, under the headings (1) Contributions received from the Cotton and Grain Merchants, (2) Fees paid by the owners of animals for their upkeep, (3) Donations received from the Public, and (4) Other sundry items, was Rs. 82,497-12-2. The expenditure during the same period amounted to Rs. 80,215-1-0. The details of Income and Expenditure are given in Appendix **F.**

"At least four days' clear notice of the date of the meeting shall ordinarily be given to each and every member of the Executive Committee by posting to him an intimation of the holding of the meeting, at his address within Bombay, supplied by him to the Society for the giving of such notices. The circular of the meeting containing as far as possible the nature of the work to be done thereat, shall in addition be shown to those members who are found to be in Bombay.

"In the event of a pressing emergency, of which event the President shall be the sole judge, an urgent meeting may be called on a day's notice.

"The service of the notice sent by post shall be deemed to have been effected by properly addressing, prepaying and posting a letter containing the notice, and unless the contrary is proved the same shall be deemed to have been effected at the time at which the letter would be delivered in the ordinary course of post."

14. "An Auditor of the Society, honorary or otherwise, shall be elected by the members of the Society at an Ordinary General Meeting to audit the accounts of the Society annually or at such shorter period as the said Committee may determine. He shall hold office for two years and shall be eligible for re-election. PROPOSITION VI.

Proposed by E. B. Panthaki, Esq.,
Seconded by Kavasjee B. Katrak, Esq.

"The following amendment be made in the present printed rules of the Bombay Society for the Prevention of Cruelty to Animals :—

" That Rule 18 at page 8 shall be deleted and the following be substituted in its place :—

18. (*a*) "The Ordinary General Meetings of the Society shall be held once in two years, ordinarily before the 30th day of April in the year in which the meeting is due, when a report of the work of the Society together with Statements of Income and Expenditure duly audited shall be presented to the members of the Society for adoption.

(*b*) "Eight members shall form a quorum at such meetings. If within thirty minutes from the time appointed for the meeting, no quorum is formed, the meeting shall stand adjourned to such day not being a holiday and at such time and place as may be determined by the President of the Society if present, or in his absence by the members present ; and a notice of such adjourned date shall be duly given in accordance with the rules laid down for the giving of notice of the Ordinary General Meetings of the Society. If at such adjourned meeting the quorum is not again formed, those members who are present shall constitute the quorum and may transact the business for which the meeting was called.

(*c*) "At least seven days' clear notice of the meetings shall be given to every member of the Society, either personally or by post to the address within Bombay, supplied by him to the Society for giving of such notices.

(*d*) "If a notice is sent by post, the service of the notice shall be deemed to have been effected by properly addressing, prepaying and posting a letter containing the notice and unless the contrary is proved the same shall be deemed to have been effected at the time at which the letter would be delivered in the ordinary course of post.

(*e*) "The date of the meetings shall also be advertised in not less than two daily papers, one English and one Vernacular, circulating in Bombay, at least seven days before the meeting takes place, and such advertisement shall constitute sufficient notice to those members of the Society who have

not supplied to the Society their addresses within Bombay, at which the notices could be served to them either personally or by post, and these members shall not be entitled to any other notice."

In view of the difficulty experienced in obtaining the necessary quorum at the Ordinary and Extraordinary General Meetings, Mr. D. H. Petit moved an amendment to the above proposition to the effect that the number fixed for quorum in the proposed rule 18 (*b*) be reduced from "eight" to "six."

The amendment was seconded by Mr. T. Sinclair Kennedy, and carried unanimously.

The original proposition, as amended, was then put to the vote as a substantive proposition and carried unanimously.

(*b*) "All the provisions about quorum and notices to members applicable in the case of Ordinary General Meetings as mentioned in Rule 18 (*b*),(*c*), (*d*) and (*e*) shall also apply *mutatis mutandis* in the case of Extraordinary General Meetings."
